Retirement Guide

So you are thinking about retiring....

While planning your retirement can be a very exciting time, it can also be very confusing with many different things to think about. We are here to help you!

To prepare for retirement, you should reach out to the following governmental agencies:

Norfolk County Retirement	(781) 821-0664 (800) 772-1213
Social Security	(800) 633-4227
Medicare	https://www.medicare.gov/basics/get-started-with-medicare
Human Resources	781-232-9226 781-232-9259 781-232-9260

Once you retire from the Town of Stoughton, you may keep your health insurance, dental, and vision insurance. You can also maintain your basic life insurance. If you have voluntary life insurance, there are different guidelines depending upon when you originally enrolled in the plan and your age at the time of retirement. We can discuss this with you on a case-by-case basis.

Payments for whichever benefits you wish to retain will be deducted directly from your retirement check (*as long as there are sufficient funds in your check*). Human Resources will set up a deduction for you. **This means you will need to discuss your wishes with Human Resources prior to your retirement.**

It is also important to discuss your retirement with HR so that we can assist you with whether or not you and your dependent(s) may remain on our active health insurance plan or if you and/or your spouse will need to move to our Medicare plan. We will guide you through the process.

Normally, when you retire, it will take a month or so before you receive your first check. Knowing this, we can take additional deductions out of your last paycheck from the Town to keep you up to date with your insurance payments.

The whole key to a smoother transition to your retirement is to discuss your wishes with Human Resources and stay in touch. We are here to help you!

Please, if you have any questions, give our office a call. You can reach Deanna at Ext 9226, Tracy at 9259, and Erica at 9260.

Public Safety Wellness Program

Introducing the Public Safety Wellness Program: Supporting Those Who Serve

The Town of Stoughton is proud to offer a new initiative dedicated to the health, strength, and resilience of our first responders: The Public Safety Wellness Program. This program is specifically designed for our Police and Fire Department Personnel - those who selflessly serve our community every day. We created this program in 2023 as an extra layer of support, recognizing the unique physical and emotional challenges that come with these critical roles, to help ensure every first responder has the resources they need to thrive - on and off duty.

The current Wellness Coordinator for the Public Safety Wellness Program is Bryan Mokrisky, a former first responder for the Town of Stoughton. Before beginning his new career as the Public Safety Wellness Coordinator, Bryan served as a Stoughton police patrolman, SWAT operator, Military police officer, and corrections officer. Drawing from his personal experiences during his 11 years of service, Bryan's goal for the program is to provide tools, resources, and activities to support a healthier and better life for our first responder's.

The Public Safety Wellness Program strives to show each first responder in the Town of Stoughton that they are as valuable to themselves, as they are to the citizens they serve. Asking for support can be tough, but there are people in your corner waiting to help you.

The Public Safety Wellness Program Office is located on the bottom level of Town Hall, next to the Stoughton Credit Union.
